Mr. Meredith advised Council that the superintendent of Peel Memorial Hospital had given him a statement of Mr. Fosters Hospital bill he asked for the opinion of council whether this account should be paid in full by Streetsville or allowed to go through the County Clerks office as an indigent patient. The members felt that it would be proper for the account to be delt with by the County and Streetsville billed with their share of one half.

Mr. Dawson again waited on Council for a decision on the applications made by him at the last meeting. He was advised as follows. 1. The Council would not consider giving him a new lease on the Power Dam property as the present lease was in force until April 1938. 2. Now action would be taken by Council to stop the flow of water from Mr. Johnstons mill as they felt this was a matter between Mr. Dawson and Mr. Johnston. 3. The Council would not enter into an agreement with Mr. Dawson whereby he would be exempt from taxation on Peel Park in return for the pupils of the Streetsville High School be given the privilege of using the Park as a reareation grounds as the felt that any agreement along this line should be made between the High School Board and Mr. Dawson.

Mr. Dawson stated that his request re the use of the Park was meant to include all the inhabitants of the village and that it was a matter to be dealt with directly by the Council rather than the High School Board. When advised that Council had not the power to remit any taxes he suggested that it be called a rental and that the Council rent from him the priveleges of the the Park for the benefit of the citizens.
